MUKESH

UI Developer

About Me

Let me introduce myself, I am a UI Developer with 1.5 years of experience. I'm passionate about creating intuitive and visually appealing user interfaces that enhance the overall user experience.

Work Experience & Projects

-TECHDEW (2022 April - Present)

- **REVALGO (UI Developer)**

Monitoring the onboard crew members in a ship and vessel details. This included designing intuitive dashboards to monitor onboard crew members and ensuring effective data visualization also with real time information.

- **Prototypes**

I've created numerous prototype screens to facilitate the development and refinement of various projects.
